### **The "Town Hall" Hotel,**

located in the pedestrian zone, is the central starting point for activities in and around Wernigerode. The comfortable hotel rooms of high quality, connected with a personal atmosphere, are your ideal place for relaxing.

In May 2006 we were able to finish our new, excellent and luxuriously furnished suites of 40 m. There are a separate living room with TV and a bedroom, a desk, a spacious function couch and armchairs. In the bathroom you can find all you need - like a cosmetic mirror with lights and bathrobes.

### **The Hotel "Alt-Wernigeröder-Hof"**

We are glad to offer you our old and traditional hotel "Alt-Wernigeröder-Hof" with its 63 comfortable rooms near the town centre. You have a two-minute-walk to the pedestrian zone with excellent restaurants, cafes and shops. You find the old historical town hall on the market square there, too.

This kind of hotel is ideal for group - or family journeys as well as single travelers. Because the hotel lies so centrally there are short distances to the other traffic. We have a large selection of programmes for everyone — very interesting and instinctive.

We organize your parties, seminars, trips and so on.

Talk to us and be inspired by our wonderful countryside.
